

FOR IMMEDIATE RELEASE

Klamath Falls, March 6, 2025- Significant progress has been made in the cleanup efforts at Moore Park following the recent snowstorm that caused extensive tree damage. Crews have been working diligently to clear fallen branches and hazardous trees, allowing for a partial park reopening.

Beginning Monday, March 10, 2025, the entrance road gate will be reopened up to the Gingerbread House and the tennis court/playground areas. Visitors are urged to exercise caution, especially near trees, as storm damage may have left some weakened branches.

Portions of the park will remain closed for continued cleanup and safety precautions. The exit gate at Lakeshore Drive will remain closed, and the loop road will be barricaded at the picnic area and exit loop road. Signage will be in place to help guide visitors and limit foot and vehicle traffic in active work zones. Please refer to the image below for clarification and follow all posted signs in the park.

Lawn areas will be addressed as they become accessible, and efforts will continue to ensure they are as safe as possible until the ground fully dries out. We appreciate the public's patience and cooperation as we work to restore full access to Moore Park safely.
