FOR IMMEDIATE RELEASE

Date: April 1, 2025

Subject: Shasta Way & Avalon St. Intersection Traffic Control

Due to weather, scheduling has changed for the WinCo Foods grocery store project. This Thursday, April 3rd, and next Monday through Wednesday, April 7th through 9th, Shasta Way will be tapered down to 2 lanes at the Avalon Street intersection. The center turn lane will be used as a straight / turn lane, leaving one travel lane closed to allow for a safe work zone for intersection construction. Flaggers will control traffic at all four legs of the intersection. This lane closure will occur from 7:00 AM to 6:00 PM each day and is weather dependent, as the safety of the construction workers and the public is the highest priority. Motorists are encouraged to avoid the intersection, if possible, to minimize congestion.

Any questions can be directed to Dan Hendrickson, at 858-568-0123 or dhendrickson@ewbinc.com.
