City of Klamath Falls Geothermal System

DATE: May 15th, 2025

KLAMATH FALLS, OR – On **Friday May 16th, 2025**, Water / Geothermal Division crews will be shutting down the geothermal system for the summer season.

Geothermal Maintenance Crew-

On May 16th, crews will turn off the downtown geothermal infrastructure to allow for inspections and preventative maintenance. The division's goal is to have all maintenance completed and the system fully operational by Tuesday September 30th, 2025. During the time the system is off, customers will need to utilize their secondary heat source until the system is recharged in the fall.

Water/Geothermal Division Staff would like to thank our citizens in advance for their patience during this maintenance down time.

If you would like more information about our geothermal system seasonal shutdowns, please call Water / Geothermal Division at (541) 883-5388 or City Public Works Department at (541) 883-5363.
