Evaluated by: City Manager/Support Services Director	Salary Grade: 118

Summary

Performs a variety of entry-level professional and technical assistance for planning assignments within the Development Services Division. Conducts guided research and analysis, assists in the counsel of customers on land use matters, facilitates preplanning processes and develops recommendations in connection with proposal applications.

Distinguishing Career Features

The Assistant Planner represents the first level of the professional planner career path, providing support to planning projects and serving as a resource for other staff within the Development Services Division. The Planning career path starts with Technician for the first level position in the Planning field. Assistant Planners will conduct planning research and review routine projects for code compliance and other ordinances and regulations. The Assistant Planner typically requires a bachelor’s degree and up to two years of professional planning experience. Advancement to Associate Planner requires a bachelor’s degree and two to five years or a master’s degree. Associate Planners will review multi-use projects and participate in short- and long-range plan development. Advancement to the Senior Planner requires a bachelor’s degree plus five to eight years’ experience or a master’s degree plus experience. Senior Planners require a demonstrated ability to lead the most complex projects and lend expertise to complex and politically sensitive planning studies, projects, development review processes, and assignments.

Essential Duties and Responsibilities
